"I started in this business thinking that it would be a great match for me... For the first frustrating 6 months I made exactly \$0 in commissions. I was so frustrated that I nearly quit. Then I met Michael. I just did exactly what he said and just 17 months later I have made over \$450,000 in commissions! It is simple to succeed when you know how!"

Your ONLINE DOMINANCE™ Membership Includes:

LIVE GROUP COACHING: Rather than trying to figure it out by yourself, you can ask Mr. Internet® or one of his RUSSER Certified Consultants your questions live on a weekly basis! While the comprehensive audio and video lessons in the program contain everything you need, it's always nice to know you also have the leading industry expert available live on a regular basis to help you with any questions about implementing the material. *This kind of coaching is not available anywhere else at any price!*

SELF-PACED LEARNING: The comprehensive audio and video sessions allow you to learn at your own pace, time and convenience (delivered online). They were created by Michael to take you step-by-step through the process of how to generate more online leads with a targeted Website (while eliminating the competition) and turn far more of these leads into commission checks! They also take you through all the steps you need to put together your own powerful business structure and virtual support team. Your end result will be your own business model which works for you and provides the streamlined, productive and profitable career that you have always wished for. *It's just like having Mr. Internet sit right beside you every step of the way!*

COMPREHENSIVE WORKBOOKS:¹ With this program you also receive two of Michael's most highly acclaimed books. The 256 page ePOWER PRO is widely regarded as the 'bible' for doing real estate online. And his eProductivity Special Report is the first book in the industry that helps REALTORS® tap into the career changing power of using Virtual Assistants and Consultants! Both of these books are used as essential references for your training within this program.

REAL ESTATE WEBSITE SUCCESS GUIDE:¹ This is the only document in the real estate industry that clearly and completely defines the standards for successful real estate websites. There are a lot of reasons why real estate sites fail. This document addresses each one and tells you (and your Web designer) *exactly* what to do to fix them!

BONUS!

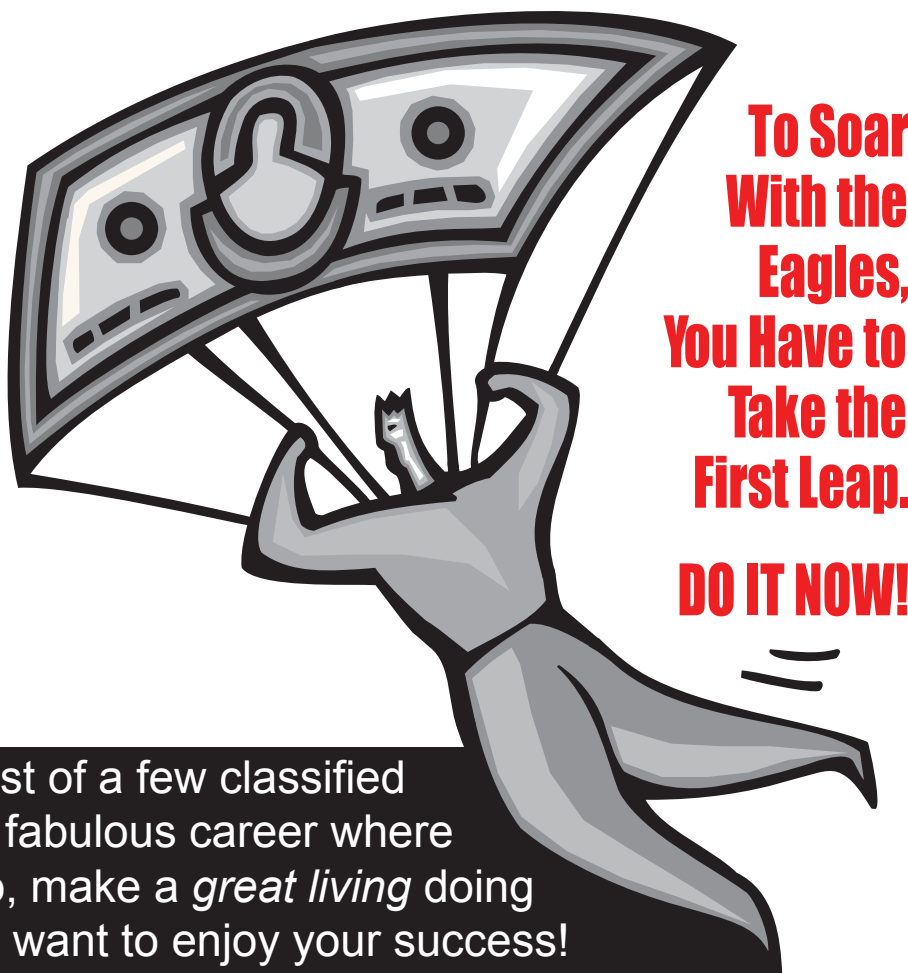

ONGOING MONTHLY LIVE TRAINING:

Once a month for at least 12 months after you sign up, there will be additional "guest speakers" that will give you even more profit making ideas! These include Search Engine, Web Design, Blogging, and Virtual Assistant specialists and many more.

EXTRA BONUS!
